NEWS RELEASE

CHLORMET INTRODUCES 1313 ENERGY E-CIGS

September 1, 2015 - Vancouver, British Columbia – **Chlormet Technologies Inc.** (“Chlormet” or the “Company”) (CSE: PUF) (Frankfurt: HR2P) (OTCPK: CHLMF) is pleased to announce a new product line to the 1313 family of nicotine-free e-cigarette products that are being sold through its wholly owned subsidiary VapeTronix.

This newest product – the 1313 ENERGY – is a nicotine-free energy e-cigarette that is infused with taurine and contains a flavour profile similar to that of popular energy drinks currently on the market.

This new flavour is available as the first line of VapeTronix’s new proprietary ‘slim line’. The slim e-cig is approximately 40% the size of the currently available e-cigs and is similar in size to a conventional cigarette. The unique sleek packaging will be the thinnest package profile currently on the Canadian market. To see pictures and make orders please visit 1313’s website at <http://chlormet.com/1313cigs/>.

“We are extremely pleased to announce this new addition to our product line-up and we look forward to bringing a ‘boost’ to the market place with our new slim line energy product” stated Mr. Derek Ivany, managing Director of VapeTronix.

VapeTronix continues to focus its attention on increasing its Canadian market-share in anticipation of future regulatory changes whereby nicotine loaded disposable e-cigarettes will be permitted.

About Chlormet Technologies

Chlormet Technologies Inc. is moving into the Medical Marijuana sector by purchasing a 100% interest in AAA Heidelberg, a private Ontario company that is in the process of applying for a MMPR license. Although the Company cannot guarantee nor estimate the timing for the issuance of a license to AAA Heidelberg, it is Chlormet’s goal to become the next publicly traded Canadian company to be granted a new medical marijuana production license.

VapeTronix, a wholly owned subsidiary of the Company is in the process of expanding its 1313 brand of electronic cigarettes and associated technologies.

With the purchase of the property in Whatcom County, WA, the company plans on generating revenues via long term leases to tenants.

ON BEHALF OF THE BOARD OF DIRECTORS

“Yari Nieken”
President and CEO
